

Wireless N150 High Power USB 2.0 Adapter

Buffalo's Wireless N150 High Power Compact USB 2.0 Adapter offers a portable high-speed wireless connectivity to your Windows laptop or desktop through an available USB port.

With faster wireless data rates and more coverage than legacy 802.11 products, WLI-UC-GNHP provides better performance than most PCs' internal wireless card.

This wireless client offers sufficient bandwidth and range to stream video, voice, and music.

Support for the AirStation One-Touch Secure System™ (AOSS™) allows you to set up a high-speed, secure wireless network within minutes.

Adjustable antenna for better performance

USB Port

Add high-speed wireless connectivity through an available USB port on your laptop or desktop

High Power

Adjustable high gain antenna for greater range and speed

Features and Benefits

High-Gain Antenna

Omni-directional antenna for extended range and higher transfer speed

Slim Design for Portability and Convenience

Great for wireless hotspots and on the go

Sleek Round Form Factor

Perfect for small laptops and netbooks

AOSS (AirStation One-Touch Secure System)

Connect other AOSS devices with the push of a button

Wide Range of Wireless Security Support

WPA2, WPA-PSK (TKIP, AES), and WEP (128/64bit)

USB 2.0 Support

Easy wireless access using your laptop's or PC's USB port

Connect to All Wireless Networks

802.11n, 802.11g and 802.11b

Easy Setup

Simple to install and use - even for the novice user

Adjustable Antenna

Eliminate dead spots by fine-tuning your antenna positioning

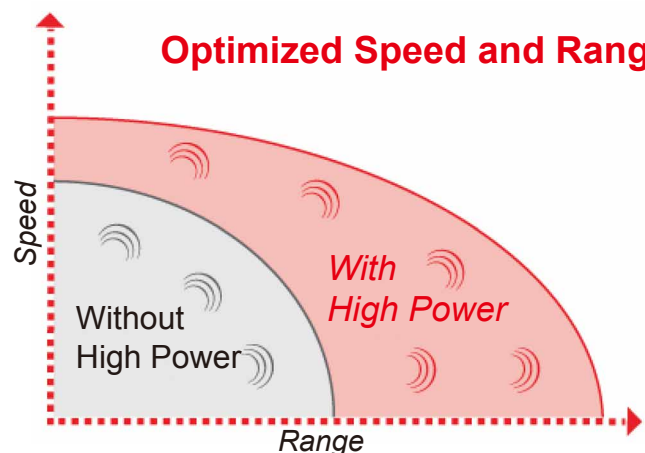

*150 Mbps is the maximum wireless signal rate derived from IEEE Standard 802.11 specifications. Actual

data throughput and range will vary depending upon network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead. Maximum speed and range is achievable when use with same enhanced mode technology.

Easy & Secure Wireless Setup with AOSS

Optimized Speed and Range

WLI-UC-GNHP

SPECIFICATIONS

Standard Compliance	IEEE802.11n, IEEE802.11g, IEEE802.11b
Frequency Range	2,412-2,462 MHz
Security	WPA2-PSK (TKIP, AES), WPA-PSK (TKIP, AES), WEP(128/64bit)
Antenna (TX x Rx)	1 x 1 SISO
Interface	USB 2.0
Dimensions	15 x 112.5 x 15 mm
Weight	15 g
Operating Environment	0-40°C, 20-80% (non-condensing)
OS Support	Windows® 7 / Vista® (32-bit) / XP

About BUFFALO Inc.

www.buffalo-asia.com

BUFFALO Inc., based in Nagoya, Japan, is a leading global provider of award-winning networking, storage and multi-media solutions for the home and small business environments as well as for system builders and integrators. With three decades of networking and computer peripheral experience, BUFFALO has proven its commitment to delivering innovative, best-of-breed solutions that have put the company at the forefront of infrastructure technology.
